

João Vítor Junckes

BEGINNER

CAREER OBJECTIVE

My name is Joao, I have 22 years old, I worked on SulAmerica and in BluVistoria, two companies mainly focus with automobile works. Nowadays I took the decision to turn things upside down and work with software and programming, something that I always had a love for it but never came across to learn.

I started learning python, as I was recommend by friends, and now I'm learning HTML, CSS and JavaScript.

HOW TO REACH ME:

Home: 89032138
